### SUBMIT CLAIMS ONLINE THROUGH PROVIDER PORTAL

Submit claims through the secure, online provider portal. **Online submission saves you money by eliminating the costs associated with printing and mailing paper claims.** In addition, CareSource offers this service via our portal at no cost. Using the portal for claims submission also provides additional benefits:

- Improves accuracy by decreasing the opportunities for transcription errors and missing or incorrect data
- Allows tracking and monitoring of claims through a convenient online search tool

We recommend using Google Chrome or Firefox browsers to log into the portal and submit claims. Health partners using Internet Explorer browser versions 8 and 9 will not be able to submit attachments with claims.

- As you begin to complete a form, please remember to select the appropriate State ID from the drop down menu under Form Part 1.
- As you work on a form, you have the options to “Submit, Save or Delete.” These options appear in the upper right of the form screen. If you don’t have time to complete a form, please click the “Save” option. This will allow you to complete the form later without losing your work.

### **Viewing and Searching for Claims**

After you click the link for “Online Claim Submission,” you will be directed to the online claim submission main page. Under the “Main” tab (shown below in Figure 4), you will see a search tool on the left. Folders that contain previously submitted claims are found on the right. Instead of seeing “Default Provider” next to the main folder, a provider will see his or her name or the name of his or her practice.

**Using the Search Tool** – To quickly locate claims and check their payment statuses, use the search tool on the left. Fill in one or more of the search fields and click “Search” to locate a claim.

**Searching by Folders** – A user can also open the folders on the right to see previously submitted claims. Claims are stored in folders based on claim types.

**✓ SEARCH TOOL TIP #1**  
The fastest way to locate a previously submitted claim is to enter the Member ID number in the search tool and click “Search.”

**✓ SEARCH TOOL TIP #2**  
To make sure you are searching all folders for a claim, check the box next to “Start Search From The Root” before you click “Search.”
