

## Network Notification

---

**Date:** April 7, 2014

**Number:** KY-P-2014-10

**To:** Office Managers/Administrators and Participating Health Care Providers

**From:** Humana – CareSource®

**Subject:** New Speech Therapy Codes for EPSDT

---

Each year, the American Medical Association (AMA) updates the Current Procedural Terminology® (CPT) codes. The codes describe medical, surgical and diagnostic services rendered to patients and communicate uniform information about medical services and procedures for administrative, financial and analytical purposes.

New codes have been added for speech therapy services for 2014. Humana – CareSource providers should use the following 2014 CPT codes related to Early Periodic Screening, Diagnosis and Treatment (EPSDT) services, effective immediately:

<u><b>CODE</b></u>	<u><b>DESCRIPTION</b></u>
92521	Evaluation of speech fluency (e.g., stuttering and cluttering)
92522	Evaluation of speech sound production (e.g., articulation, phonological process, apraxia, dysarthria)
92523	Evaluation of speech sound production (e.g., articulation, phonological process, apraxia, dysarthria) with evaluation of language comprehension and expression (e.g., receptive and expressive language)
92524	Behavioral and qualitative analysis of voice and resonance
