

Network Notification

Date: August 23, 2017
To: Kentucky Medicaid Health Care Providers
From: Humana – CareSource®
Subject: Notification of new KDMS process to add, update or change NPI, taxonomy or both

Effective Nov. 1, 2016, the Kentucky Department for Medicaid Services (KDMS) established the effective date for changes to a health care professional's National Provider Identifier (NPI), taxonomy or both as the day the changes are received by KDMS. The health care professional also can request a prospective effective date.

The "Provider Request to Update NPI, Taxonomy Code or Both" form was updated to reflect this information. The form can be found at www.chfs.ky.gov/NR/rdonlyres/74A6186B-03F3-4EFE-A72F-FFA7905278E0/0/ProviderRequesttoupdateTaxonomyCodewebWayne.pdf.
