## Additional Training and Education

We know your time is valuable. To help improve access and understanding, we have developed a provider-facing Learning Management System (LMS) called "Health Plan Resources." All training on our [HealthPlanResources.com](#) platform is developed inhouse and is specific to our organization.

To access the LMS for the first time, visit [HealthPlanResources.com](#) and follow the below guide to login:

<i><b>If...</b></i>	<i><b>Then...</b></i>
You are accessing HealthPlanResources.com for the first time and have an NPI	Use your <b>NPI</b> as the <b>Username</b> and <b>ProvidersR#1</b> as the <b>Password</b> .
You are accessing HealthPlanResources.com for the first time and you <b>do not</b> have an NPI	Set up a new account using your unique <b>email address</b> as your <b>Username</b> . ( <i>You will want to use the same email and password for future Provider Portal access.</i> )

Office Managers/Administrators can complete trainings and manage accounts for all providers in their TIN. For more information, visit the “For Office Managers” dropdown on [HealthPlanResources.com](https://HealthPlanResources.com).
