Effective April 1, 2020

Maintenance Drug Pharmacy Program

CareSource offers a 90-day supply of certain maintenance medications as part of our pharmacy program. Maintenance medications are used to treat long-term conditions or chronic illness. It is important to take maintenance medications regularly and as prescribed.

Related to the Coronavirus (COVID-19) pandemic, all CareSource Ohio Medicaid members are eligible for 90-day supplies of the medications listed below. Please note that utilization edits will apply (dose and quantity limits and other safety edits) and some medications may require Prior Authorization or Step before a 90-day supply will process.
