Notice Date: March 9, 2023
To: Ohio Medicaid Providers
From: CareSource
Subject: Pregnancy Risk Assessment Form (ePRAF) Education Series

Summary

CareSource is pleased to announce our ePRAF Online Education Series. The Pregnancy Risk Assessment Form (PRAF 2.0) is intended for submission at the patient's first prenatal visit OR when there is a change in medical condition, risk, or need. Submission of the PRAF impacts and improves health outcomes for both mom and baby and ensures Medicaid coverage throughout their pregnancy. Each session will be interactive and informative, offering provider partners the opportunity to learn more about the importance of the PRAF, how to submit the ePRAF, and reimbursement available for prompt submissions.

Targeted Audience: OB/GYN providers, mid-wives, maternal care coordinators and assistants, office administrators, and any other staff responsible for ePRAF submissions.
