**From:** CareSource  
**Subject:** Ohio Pulsewrx Program for Continuous Glucose Monitoring

---

## Summary

The Ohio Pulsewrx Program exclusively offers eligible households a high-quality smartphone compatible with FreeStyle Libre 2 and 3 via The Lifeline Wireless Program and Affordable Connectivity Program (ACP). Ohio Medicaid members receive a smartphone built to connect them with important contacts, health resources, and mobile apps for long-term connectivity and health and well-being. All Medicaid members are eligible, including MyCare recipients.

## Impact

Join the Pulsewrx team to learn how Ohio Medicaid recipients can enroll in this free and important benefit. Pulsewrx will discuss the phone benefit, provide a website demo, and share best practices for successful enrollment.

The session will cover 20 minutes of content and 10 minutes of questions and answers. Registration is required via the links below. All sessions provide identical content.

1. Tuesday, June 6: 12:00 -12:30 p.m. - [Register Here](#)
2. Wednesday, June 7: 9:00 - 9 :30 a.m. - [Register Here](#)
3. Monday, June 12: 2:00 - 2:30 p.m. - [Register Here](#)
