Notice Date: November 1, 2024
To: Ohio Medicaid Providers
From: CareSource
Subject: Spravato (esketamine) Billing
Effective Date: January 1, 2025

Summary

Effective January 1, 2025 all drug claims for Spravato (esketamine) billed to CareSource on the medical benefit will require billing with HCPCS code **S0013**.

S0013 is covered on the Ohio Medicaid Provider-Administered Pharmaceuticals fee schedule and Outpatient Hospital Services fee schedule as of October 1, 2024. HCPCS codes G2082 and G2083 are not covered on the fee schedules and should not be used to bill Spravato (esketamine).

Providers should transition current billing to utilize S0013 effective immediately, as G2082, G2083, and J3490 will reject as not covered effective January 1, 2025.
