Dear Parent/Guardian,

Happy New Year! Each year it's a good idea for babies, children, and teens to visit their doctor for a Healthchek exam(s). Healthchek is a set of services to find and treat health problems early. If the doctor thinks there might be a health problem, CareSource may cover further tests and care. **As a CareSource member, your child can earn rewards for participating in Healthchek. Enroll in our Kids First program today!**

Healthchek exams are free. These exams cover:

- a review of your child's health since birth
- a full exam (with parent's okay)
- an exam to make sure your child's skills are right for his/her age
- eye testing, hearing check, and dental exam
- a check of shots given to your child (making sure child gets them on time)
- lead screening; and other tests as needed

Here's the recommended Healthchek exam schedule:

- Birth,
- Three (3) to 5 days after birth,
- At months of age: 1, 2, 4, 6, 9, 12, 15, 18, 24, 30

After that, one exam per year for children and teens helps build healthy minds and bodies.

To enroll in our **Kids First** program go to [CareSource.com/ohiorewards](http://CareSource.com/ohiorewards) and click on the Kids First Registration Form.
