Re: Summary of PDL Changes Effective April 1, 2021

Dear CareSource Member:

Your health care is our priority. That is why we are writing to tell you that on April 1, 2021, CareSource will change its Preferred Drug List (PDL). A PDL is a list of preferred drugs.

THE FOLLOWING MEDICINES WILL BE NON-PREFERRED ON THE PDL EFFECTIVE APRIL 1, 2021

Brand Name	Generic Name	Dose(s)	Notes
Soliris	Eculizumab	300 mg/30 mL	Members currently on Soliris will not have to change medications.
BD Pen Needles	Pen Needles	All Sizes	Non-covered OTC; other brands of pen needles remain covered.

THE FOLLOWING MEDICINES HAVE A CHANGE IN STATUS EFFECTIVE APRIL 1, 2021.

Brand Name	Generic Name	Dose(s)	Notes
Famotidine Suspension	Famotidine	40 mg/5 mL	Prior authorization required for age 12 years and older.

What should you do?

First, talk to your prescriber. There may be other medicines on the CareSource PDL that you can take instead. There are a few ways you and your prescriber can find medicines:

- You can look on our website at CareSource.com. On the Members page, go to Tools & Resources and click on “Find My Prescriptions.”
- Or, call our Member Services Department at 1-800-488-0134 (TTY: 1-800-750-0750 or 711).

We are here to help you. The CareSource Member Services Department is open Monday through Friday, 7 a.m. to 7 p.m.

Sincerely,

CareSource RX Innovations
