- 3 Mail-Order Pharmacy Tips
- 4 Concerned About Addiction?
- 5 MYidealDOCTOR
- 8 Use Our Mobile App On the Go

NEW DENTAL AND VISION PLANS AVAILABLE

For 2018, you'll be able to add adult Dental and Vision benefits on our Federal Simple Choice and Low Premium plans, just like our other plans. Dental and eye health are important to your overall health. Getting regular checkups helps you maintain a healthy smile and prevents potential problems from becoming more serious. CareSource's Dental and Vision Plans allow twice yearly dental checkups and an annual eye exam.

In addition, Dental and Vision plan members are eligible for the Active&Fit® program. The Active&Fit program offers members low-cost access to over 10,000 fitness centers for a \$100 annual member fee. Prefer to exercise at home? Choose up to two home fitness kits for just \$10 per year. If you have a compatible wearable fitness device or mobile app*, you can also use the Active&Fit Connected!™ feature to set fitness goals and track your exercise.

Selecting a Dental and Vision plan with access to the Active&Fit program gives CareSource members wellness focused benefits that go beyond standard medical health care benefits.

** The purchase of a wearable fitness device or mobile app is not included as part of your benefit. The Active&Fit program is provided by American Specialty Health Fitness, Inc., a subsidiary of American Specialty Health Incorporated (ASH). Active&Fit and Active&Fit Connected! are trademarks of ASH and are used with permission herein. Please refer to the appropriate 2018 Evidence of Coverage for details about the Active&Fit® program.*

NEW HSA ELIGIBLE PLAN OFFERED IN 2018

For 2018, CareSource is offering a new Bronze plan that you can pair with a Health Savings Account (HSA). This Bronze level plan is a High Deductible Health Plan (HDHP), which means that it generally has a lower premium, but will result in a higher out of pocket costs. This can be a good choice if you don't expect to use your benefits often.

This plan is designed to be used with a tax-advantaged Health Savings Account (HSA), which can offset your out of pocket expenses. You can contribute a certain amount of money to an HSA each benefit year to help you pay for qualified medical expenses*. Normally, that money can be treated as a tax deduction, which may help reduce your taxable income.

With the exception of covered preventive health care services, you pay for all covered health care services up to the deductible amount before the plan starts paying. You will pay no more than \$6,550 for an individual or \$13,100 for a family for covered health care services in a benefit year.

Be on the lookout for our **CareSource Bronze HSA Plan** if you're ok with a higher deductible in return for lower premiums and potential tax savings.

If you have questions or want to learn more about CareSource's Bronze HSA plan, please call **1-844-539-1733** or visit **CareSource.com/marketplace**.

** CareSource is not offering or administering an HSA in conjunction with the Bronze HSA plan. You are responsible for determining whether you are eligible to establish an HSA. You should consult your financial, tax, or legal advisor for more information regarding your eligibility, responsibility, and obligations for establishing and maintaining an HSA and what qualifies as qualified medical expenses. This information should not be construed as financial, tax, or legal advice and is provided for general information purposes only.*

CONVENIENCE CARE CLINICS

Need to see your provider, but can't get an appointment? Visit a convenience clinic and see a provider at a nearby drug store. You can stop in while you're doing your shopping. Some clinics will let you make an appointment or call ahead to save your place in line!

Convenience clinics do many of the things your primary care provider does, including vaccinations, school physicals and diagnosing common illnesses and injuries. Most are open in the evening and on weekends.

If you need help finding a convenience clinic, search for "clinics" on our **Find A Doctor/Provider** tool at **CareSource.com**, or call Member Services at the phone number on your ID card.

EASY WAYS TO PAY YOUR INVOICE

CareSource offers some easy ways to pay your invoice, with Automatic Monthly Payments, online and phone payments as fast and easy ways to keep your health care coverage paid.

Online and Automatic Monthly Payments (posts in 3-4 business days)

Go to your My CareSource account and select **Pay Bill**.

- For a one-time payment, select **Make a Payment** and complete the payment form with the amount due and complete the credit/debit card or bank account information.
- To set up automatic monthly payments, select **Manage Automatic Payments**, and complete the automatic payment form with the monthly amount and the payment method.

Phone Payments (posts in 3-4 business days)

- Call Member Services and tell our automated attendant “Katie” that you would like to make a payment. Phone payments can be made by credit card, debit card or checking account.

Pay by mail (posts in 7-10 business days)

- Detach the bottom portion of your invoice and write in the amount of your check or money order. Include this slip with your check or money order. Write your ID number on the memo line of your check or money order and be sure our address shows through the window of the envelope provided.

MAIL-ORDER PHARMACY TIPS

Would you like to get your prescriptions delivered to your home? Our mail-order service can save you a trip to the pharmacy. Keep these tips in mind:

- Mail-order service is most helpful for long-term medication use.
- Prescriptions may have to be written and filled for a 90-day supply.
- It can take multiple days to receive medications, so order refills before you run out.
- Automatic refills and renewals may be available.

Drug List Updates

CareSource has a searchable drug list on our website. Use the **Find My Prescriptions** link under **Quick Links** to find the medicines covered under your plan.

Quarterly changes and updates to the list are also online. Visit: **CareSource.com/find-my-prescriptions/**.

If you don't have access to the internet, please call Member Services. The number is on your member ID card. We will help you.

CONCERNED ABOUT ADDICTION? WE ARE HERE TO HELP

On average 91 Americans die every day from an opioid overdose⁽¹⁾. As prescriptions of opioids for pain management increased, so did misuse of these drugs for non-medical purposes. Addiction has been the result for many individuals.

CareSource believes in recovery. We have a holistic approach that includes clinical care and access to opioid treatment and detoxification. We are making it easier than ever for you to get help. Your primary care provider (PCP) has screening tools to assess your risk toward misuse of drugs or alcohol. You can talk with your doctor or Care Manager about this. Drugs are available to increase the chance of recovering from an opioid addiction. Talk to your health care provider or pharmacist for more information. Both mental health and addiction services are covered by CareSource. You can get more information in your handbook, from Member Services or at **CareSource.com**.

If you are struggling with a drug or alcohol problem, take action now. We are here to help you get the care you need.

For help in finding a provider go to our **Find A Doctor/Provider** tool, or call 1-833-Opioids (674-6437).

FIFTH THIRD EXPRESS BANKING®

Your financial health can play a part in your overall health and wellness. We have partnered with Fifth Third Bank to offer our members Express Banking. This account gives you a simple way to manage your money and reach your financial goals.

The Express Banking account gives you no monthly service charge, free direct deposit, check cashing and a debit card for purchases.

Visit 53.com/CareSource for more information. You can also visit any Fifth Third branch, tell them you are a CareSource member, and reference code 56706 to get more information or open an account.

OPEN ENROLLMENT IS NOVEMBER 1 – DECEMBER 15

Open Enrollment for 2018 ends December 15, 2017. You should have received a renewal letter from us in October. Take some time to understand your 2018 plan and review other CareSource plan options or comparison shop. Update your application on HealthCare.gov to get all the financial assistance you are entitled to.

MYidealDOCTOR

Cold and flu season is here. When you don't feel well, you want to see a doctor fast. If you can't get in to see your PCP consider using MYidealDOCTOR™. You get 24/7 access to board certified doctors from the comfort of your home or workplace. You can call, visit the MYidealDOCTOR website, or download their mobile app.

Answer a few questions about why you are calling, and a doctor will call you back within 15 minutes. They'll even call in a prescription for you if you need one. No need to wait in your doctor's office or an urgent care clinic.

Other reasons to take advantage of the convenience of MYidealDOCTOR are:

- Allergies
- Bronchitis
- Constipation
- Diarrhea
- Fever
- Joint Aches and Pains
- Skin Inflammations
- Sore Throat

It's easy to use. Call 1-855-879-4332, or visit www.MYidealDOCTOR.com.

RSV: Who Is at Risk?

Respiratory syncytial virus, or RSV, is a respiratory virus. It infects the lungs and breathing passages. In adults and older children, it usually causes mild cold-like symptoms. But RSV can cause severe problems – even pneumonia – for infants and older adults.

RSV facts

- Since RSV is a virus, antibiotics will not help it go away.
- RSV is contagious.
- Those with a higher risk of complications from RSV include children who:
 - Are younger than six months old
 - Were born prematurely
 - Are regularly exposed to tobacco smoke

Talk to your child's doctor about ways to prevent and treat RSV. Call our 24-hour nurse advice line with questions. The CareSource24 number is on your member ID card.

HOLIDAY SCHEDULE

Our Member Services department is open Monday through Friday from 7 a.m. to 7 p.m. Eastern Standard Time (EST), except on these holidays:

- New Year's Day
- Memorial Day
- Independence Day
- Labor Day
- Thanksgiving Day
- The day after Thanksgiving
- Christmas Eve
- Christmas Day

A holiday that falls on a Saturday is observed on the Friday before it. One that falls on a Sunday is observed on the Monday after it.

WOMEN'S HEALTH TIPS

Women have special needs when it comes to health care. Preventive care can find problems early when they are easier to treat.

Breast cancer

October was Breast Cancer Awareness Month. It's not too late to make sure you are up to date with breast cancer screenings. Talk to your health care provider about breast cancer and whether you need a mammogram. If you get a mammogram:

- Try not to have it during your period or the week before. Your breasts may be tender or swollen then.
- Don't wear deodorant, perfume or powder on the day of your mammogram. They can show up as white spots on the X-ray.

Heart disease

Heart disease is the leading cause of death for women in the U.S.*

Are you at risk? These factors may increase your chances of getting heart disease:

- Diabetes
- Diet high in saturated fats and cholesterol
- Family history of heart disease
- High blood pressure
- High cholesterol
- Obesity
- Physical inactivity
- Tobacco use

Talk to your doctor to learn how to lower your risk for heart disease.

Colorectal cancer

Colorectal cancer affects men as well as women. Regular screenings begin at age 50 or earlier if you are at high risk. After age 75, ask your doctor how often you should get this test.

There is more than one test for this type of cancer. Talk to your doctor about which test is best for you.

**Source: www.cdc.gov*

WINTER WELLNESS

Many people feel sad and tired in the winter. This can be caused by a lack of sunlight during the winter months. It can also be caused by the stress of the holiday season. Treatment is available.

If you feel sad, depressed and tired, talk to your doctor about treatment options. Together, you can figure out if your blues are just a passing mood or something more serious.

Suicide Prevention

At CareSource, **our members' lives are at the heart of what we do.** That's why suicide prevention is so important.

We understand that life can get complicated and that problems can feel overwhelming, but we are committed to helping our members, no matter what they need. Being healthy – both physically and mentally – is a strong foundation for a purposeful life.

Suicide is preventable and is never the only option. If you or someone you know is struggling with suicidal thoughts, depression, or a mental illness, you don't have to handle this alone.

CareSource offers counseling and treatment options. Talk with your doctor or Care Manager to take steps in getting help.

If you are in crisis:

- **Call 911.**
- **Call the toll-free National Suicide Prevention Lifeline at 1-800-273-TALK (8255).**
This is a free service available 24 hours a day, 7 days a week. All calls are confidential.
- **Text the Crisis Text Line.** Text "HOME" to 741741 from anywhere in the United States, anytime.
- Visit: <http://www.suicidepreventionlifeline.org>

ARE YOU READY FOR COLD AND FLU SEASON?

It's cold and flu season. Are you ready? Colds are caused by viruses and are very common. No medicine or shot will cure a cold. Flu symptoms are similar to a common cold. They include a runny nose, sore throat, and a bad cough. A flu shot can help protect you from getting the flu, and are a covered preventive care item for all Caresource marketplace plans. You can get a flu shot from your PCP or a convenience care clinic such as the CVS Minute Clinic™.

If you are having cold or flu symptoms, call CareSource24®, our 24-hour nurse advice line. Our nurses can let you know how to ease your symptoms and avoid an unnecessary doctor visit, or determine if you need to seek medical attention. We're available night or day. The number is on your member ID card.
