Notice Date: August 6, 2020
To: Ohio Providers
From: CareSource
Subject: 2020 Global Quality Enhancer: Value-Based Reimbursement Program

Summary

CareSource rewards you for excellence. We recognize the outstanding work you are doing to improve your patients' health and quality outcomes every day. Our Quality Enhancer program rewards you for prioritizing high-value services in your practice. CareSource is launching an exciting new program to encourage and reward **Primary Care Physicians (PCPs)** and **Federally Qualified Health Centers (FQHCs)** for using specific CPT II codes.

Importance

CPT Category II codes are tracking codes which can assist in data collection and can be used for overall performance measurement. The use of these codes will decrease the need for chart reviews and will improve the reporting of closed care gaps to confirm all of the important work you are doing for your patients and our CareSource members.

For information and details to this program, please visit **CareSource.com** > Providers > [Provider Portal Login](#).
