Subject: Provider Portal Quick Start Guide for Claims Attachments

There are multiple ways that you can upload documentation or attachments on the CareSource Provider Portal. This document provides instructions for submitting information for the following scenarios.

You can click the link to navigate directly to the relevant section of the document.

- [Submit a retro-authorization](#)
- [Submit medical records for denied claims](#)
- [Submit medical records proactively for claims](#)
- [File a claim dispute with supporting documentation](#)
- [File a claim appeal with supporting documentation](#)

In addition to this guide, please refer the following, as needed:

- [Payment Review Tool](#), to understand CareSource's policy for claim reviews such as readmissions, inpatient hospital claims with diagnosis-related group (DRG), high dollar claims, place of service validation and DRG.
- The Provider Manual that is available on CareSource.com for each plan, which outlines claim submission timely filing information. The Provider Manual may be found at **CareSource.com** > Providers > Tools & Resources > [Provider Manual](#).
- Appeal information, such as when and how to file a dispute or an appeal, is also located on **CareSource.com** > Providers > Provider Portal > [Provider Appeals](#).

SUBMIT A RETRO AUTHORIZATION

Retro authorizations will only be approved when the service meets **all** of the following requirements:

- The service is directly related to another service for which prior approval has already been obtained and that has already been performed;
- The new service was not known to be needed at the time the original prior authorized service was performed; **and**
- The need for the new service was revealed at the time the original authorized service was performed.

Unless the member is transitioning and qualifies under the retroactive coverage requirements, all of the above criteria must be met to qualify for a retro authorization review.

Guideline for submitting a retro authorization: If a member had an active coordination of benefits (COB) on the DOS, no prior authorization is required, as the rules of the primary insurance are followed.

To enter a retro authorization, complete the following steps:

1. From the **Providers** menu, select **Prior Authorization and Notifications**.
2. Click the **Medical (Inpatient & Outpatient)** tab.
3. Click the appropriate tab to enter the member's CareSource ID, Medicaid ID, or Member Info (name and date of birth).
4. Enter the **Start Date of Service** and click **Search**.
5. Click the **COB Information** tab and verify if the member has other insurance.

NOTES:

- The Portal may block retro authorizations from being submitted if the COB was not active on the DOS but is now active.
 - If the member has other insurance, select **Add COB Information**, then complete and submit the form.
6. If neither of the two scenarios above apply, click **Verified** to continue the retro authorization.
 7. Select the **Inpatient** or **Outpatient** authorization type.
 8. Complete the required form fields, then click continue.
 9. If prompted, complete clinical indications, upload supporting documentation and submit authorization.

SUBMIT MEDICAL RECORDS FOR DENIED CLAIMS

A **Document Upload** tab is available on the **Claims Detail** view when a claim is denied due to missing medical records. Use this option to upload documentation instead of submitting an appeal or corrected claim.

To upload documentation for a denied claim, do the following:

1. From the left hand **Claims** menu, click **Claim Information and Attachments**. Locate the claim using one of the search criteria available on the **Claim Information and Attachments** page.
2. Click the **View Details** link for the denied claim.
3. On the **Document Upload** tab, review the reason the claim was denied and then upload the appropriate documentation. The file size is limited to 100 MB.
4. Complete the required fields (marked with a red asterisk).
5. Add **Notes** if needed.
6. Click **Submit Documents**.

NOTES:

The screenshot shows the 'Claim Detail' page with the following information:

It also states: 'File sizes must be limited to 100 MB. Only files of types: bmp, png, tiff, jpeg, bit, pdf, xls, xlsx, doc and docx may be uploaded.' There is a 'Files Uploaded:' section below.

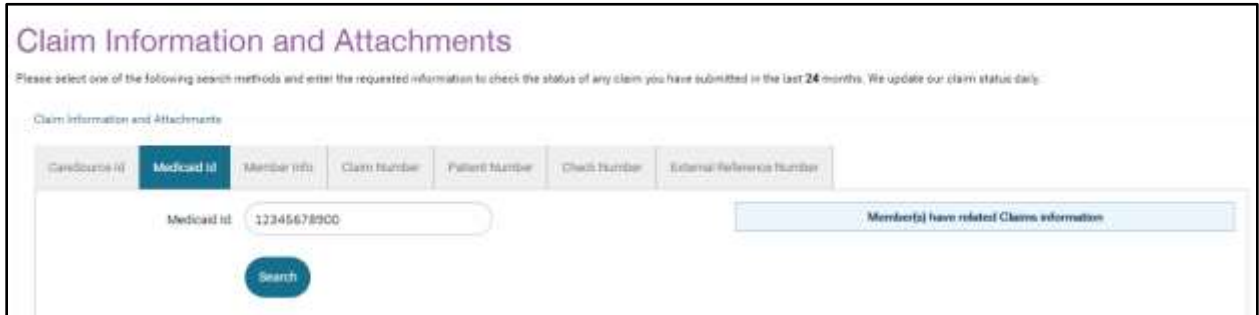

- Submitted documentation will be reviewed according to documented guidelines.
- The documents that are uploaded will be available on the **Attached Documents** tab approximately a half hour after they are uploaded.
- Submit records that directly correspond and support the billed services that were denied. Submitting an entire medical record versus documents related to a specific stay or visit could delay the processing turnaround time.

SUBMIT MEDICAL RECORDS PROACTIVELY FOR CLAIMS

If you need to submit medical records for a new claim, you can do so using the **Claim Information and Attachments** page. The attachments will be matched with member's corresponding claim so that the claim can be processed successfully.

To upload medical records, do the following:

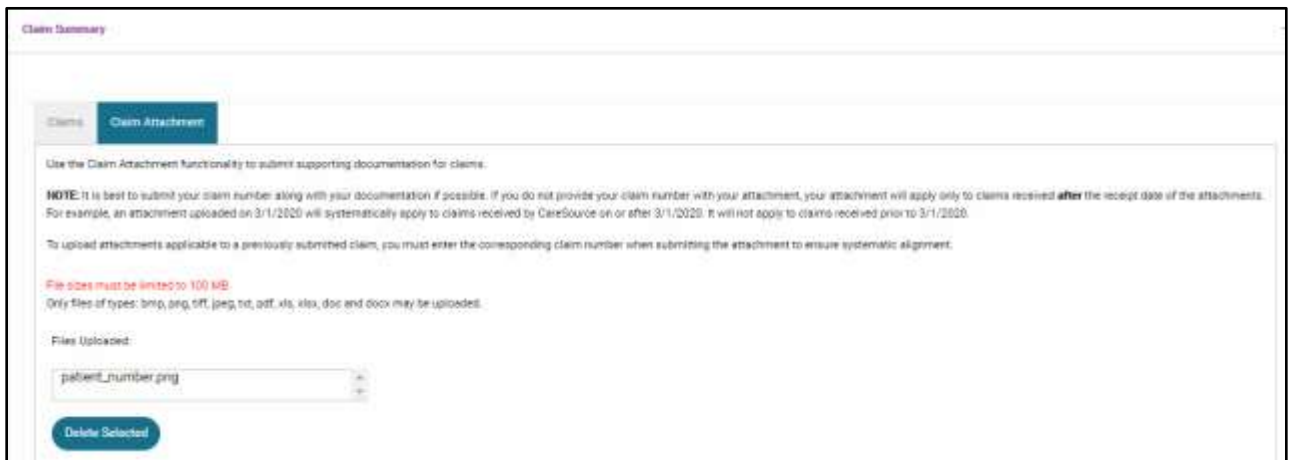

1. From the left hand **Claims** menu, click **Claim Information and Attachments** to perform a search to locate the specific member for whom you want to upload records.

2. In the **Claim Summary** section, click the **Claim Attachment** tab.

NOTES:

- a. If the member does not have existing claims, this tab opens by default.
- b. If you want to submit attachments for a denied claim, click the **View Details** link for the specific claim and follow the instructions to [Submit Medical records for denied claims](#).

3. Click **Choose File** to locate the attachment. The file size is limited to 100 MB.

Submit records that directly correspond and support the billed services. Submitting an entire medical record versus documents related to a specific claim could delay the processing turnaround time.

4. Enter the **Service Date** for the claim.

NOTES:

- The member must be eligible for the selected date of service to continue with the attachment.
- If you are including a claim number with the attachment, the date of service must match what is on the claim.
- If the claim is for a service with a date range, enter the first date that appears on the claim.

Claims **Claim Attachment**

Use the Claim Attachment functionality to submit supporting documentation for claims.

NOTE: It is best to submit your claim number along with your documentation if possible. If you do not provide your claim number with your attachment, your attachment will apply only to claims received **after** the receipt date of the attachments. For example, an attachment uploaded on 3/1/2020 will systematically apply to claims received by CareSource on or after 3/1/2020. It will not apply to claims received prior to 3/1/2020.

To upload attachments applicable to a previously submitted claim, you must enter the corresponding claim number when submitting the attachment to ensure systematic alignment.

File sizes must be limited to 100 KB.
Only files of types: bmp, png, tiff, jpeg, txt, pdf, xls,.xlsx, doc and docx may be uploaded.
