

Ohio Medicaid and MyCare Behavioral Health Benefit Grid

Provider Type Modifier

Per the ODM BH Billing Manual, AF, HK modifier(s) is required CareSource made a business decision that, effective 7/1/2018, this modifier(s) would be optional with the requirement of rendering NPI inclusion on all claims. Modifier(s) may be required when billing under a secondary licensure.

These benefits are effective for MyCare
January 1, 2019

MyCare full opt in - Medicare primary and Medicaid secondary

NOTE: As of 07/01/2018 Practitioners "U" Modifiers will be optional for providers submitting claims to CareSource, except for dually licensed practitioners that are billing under their secondary licensure and/or when indicated as required (for example: H2019). H Modifiers are required. For more details see MITS Bits 06/27/2018

U1 - Psychology Assistant/Trainee	U2 - Licensed Professional Counselor II & III

H0001	*GT + U1 *GT + U9 *GT + UA *GT + U6 *GT + U7	Alcohol and/or drug assessment -1 Hour-SUD This code reports provision of alcohol and/or drug assessment services. A psychiatrist, clinical psychologist, or other specialized health care professional or team of professionals generally provides drug and/or alcohol assessments. Protocols vary, but an assessment is systematic and thorough and addresses all aspects of a patient's encounters with alcohol and/or drugs. A detailed family, social, and legal history is usually solicited and components may be verified independent of the patient interview. Quantity and frequency of alcohol and/or drug use is documented. Physical manifestations associated with alcohol or drug use or abuse may be noted if present, such as depression, mania, anxiety, etc. A physical medical examination may be a component of the assessment.
