

Network Notification

Notice Date: December 11, 2019
To: Ohio Medicaid Providers
From: CareSource
Subject: Pharmacy Network Change
Effective Date: February 1, 2020

Summary

Beginning on January 1, 2020, medication claims will now be processed by Express Scripts. As of February 2, 2020, the pharmacy network will be changing, most noticeably, **Walgreens will not be participating in our Ohio Medicaid network.**

Impact & Importance

Your members who currently fill prescriptions at Walgreens will need to update their preferred pharmacy with your office. Additionally, you may receive a request to send new prescriptions to another participating pharmacy. If your member has active refills, their new pharmacy should be able to transfer the prescription from Walgreens to the new pharmacy; however, you may receive requests for a new prescription to be forwarded during this time.

All members affected have received recommendations for 3 pharmacies near their home. In addition, members can find a new pharmacy on CareSource.com by using the Find a Pharmacy search tool or by contacting our Member Services team at 1-800-488-0134 (TTY: 1-800-750-0750 or 711).
