

Network Notification

Notice Date: January 14, 2020
To: Ohio Medicaid Dental and Oral Health Providers
From: CareSource
Subject: Dental Providers May Disregard ECHO Health Registration Notification

CareSource would like to clarify a recent communication to our providers. We recently published an [announcement](#) of a partnership with ECHO Health, Inc. (ECHO), who will be our new electronic payment vendor for medical providers.

Please note that no action is required for dental providers, who will continue to receive payment in their current manner. Registration with ECHO is unnecessary.

We apologize for any confusion this may have caused.
