**To:** Ohio and Michigan Providers

**From:** CareSource

**Subject:** Enhanced Disease Management Program!

---

### **CareSource Disease Management Program**

CareSource members with chronic conditions, including asthma and diabetes, will be automatically enrolled into CareSource's enhanced disease management program.

### **Benefits to Members**

Members enrolled in the program will receive **free** information to help them better manage their asthma or diabetes. Information sent to members will include care options for them to discuss with their provider.

Members identified as high risk will have a nurse assigned to their case to help educate, coordinate and provide resources and tools to help the member reach their health care goals.

### **How to Refer Members**

If you have a CareSource patient with asthma or diabetes who you believe would benefit from this program and is not already enrolled, phone 1-888-882-3614.
