

Network Notification

Notice Date: February 8, 2019
To: Ohio Providers
From: CareSource®
Subject: National Drug Code (NDC) with J1050 Denials Update

The purpose of this communication is to provide an update on incorrect denials for National Drug Code (NDC) J1050, a valid 2019 Healthcare Common Procedure Coding System (HCPCS) code for Injection, Medroxyprogesterone acetate.

Issue

Code J1050 with NDC 00009-0746-30 or 00703-6801-01 were denying incorrectly.

Solution

CareSource corrected this setup issue in our system on Dec. 21, 2018. The denied claims were reprocessed between Jan. 15-20, 2019 and should have been reflected on subsequent check writes.

There is no need to file a dispute or appeal for these claims. If you have questions, please contact Provider Services at **1-800-488-0134**.
