

Network Notification

Notice Date: October 23, 2019
To: Ohio MyCare and Medicare Hospice Providers
From: CareSource
Subject: Out of Network Hospice Providers Reminder
Effective Date: August 26, 2019

Summary

As a reminder, CareSource no longer allows any new inpatient hospice admissions for non-participating providers if a participating provider is available to provide treatment. CareSource now requires the use of participating inpatient hospice providers, when available, for all inpatient hospice admissions.

For members who have already received authorization from CareSource to get inpatient hospice care from a non-participating hospice provider, CareSource will allow treatment by the non-participating provider as long as treatment remains medically necessary.

Impact

CareSource will no longer authorize non-participating hospice providers to treat a CareSource member in the inpatient hospice setting if a participating inpatient hospice provider is available to provide the treatment.

Questions?

If you have questions, please contact Provider Services at **1-800-488-0134** (Monday through Friday, 8 a.m. to 6 p.m.).
