

Network Notification

Date: October 7, 2016
To: Ohio Health Partners
From: CareSource®
Subject: Ohio Revised Code 5165.38 - Provider Agreement Terminations

Ohio Revised Code 5165.38 and Ohio Administrative Code Rule 5160-1-17.6 permit the Ohio Department of Medicaid (ODM) to terminate a provider agreement because the provider has not billed or otherwise submitted a Medicaid claim to the department for two years or longer. If you have not submitted claims for Medicaid services for a period of at least two years please take steps to remain active in our provider database.

MyCare Ohio providers must have an active Medicaid contract number. If you are a Medicaid waiver provider whose agreement has been cancelled by ODM for lack of claims submissions, you will need to reapply for an active Medicaid number. If you wish to continue to serve MyCare members, please take this step immediately.

To apply as a new provider or revalidate your current Medicaid provider number, visit ODM – Provider Enrollment online at the following link and follow the instructions: <https://portal.ohmits.com/Public/Providers/Enrollment/tabId/44/Default.aspx>. If you choose to update your Medicaid provider number, please notify us immediately so we can ensure you remain active in our provider database for prompt claims processing. You can reach Provider Services at 1-800-488-0134.

If you have questions about reapplying or revalidating your Medicaid provider number please contact the ODM provider call center at 1-800-686-1516.
