

Network Notification

Date: April 21, 2016
To: Ohio Health Partners
From: CareSource®
Subject: Spring 2016 Health Partner Education Forums

CareSource is hosting highly interactive education sessions for Ohio health partners. Health partners will have the opportunity to meet individually with representatives from key CareSource departments including:

- Credentialing & Contracting
- Claims
- Care4U®
- Behavioral Health
- Life Services
- Medical Management

Health partners will be able to work one-on-one with these departments on current issues. Each department will focus on health partner education, department updates, issue resolution and answering individual questions.

These forums will be highly flexible. Health partners can come and go at any time throughout the session. The focus will be on answering health partner questions and providing timely information and resources.

There are two sessions to choose from, and there is no reservation required. Both sessions will provide the same information and opportunity to meet with representatives from CareSource. Health Partners can attend the session that best serves their location and schedule.
