

CareSource Healthy Indiana Plan (HIP) Basic, HIP State Plan Basic, and Hoosier Healthwise Preferred Drug List

7/1/2026

INTRODUCTION

This is the 2026 **CareSource Medicaid Preferred Drug List (PDL)**. This list can help providers pick the most fitting and lowest priced products. All Indiana Medicaid drugs are covered by CareSource. This is just a list of preferred drugs.

These drugs have been reviewed by the CareSource Pharmacy and Therapeutics (P&T) Committee. The list is up to date at the time of review.

We do not promise the accuracy of the data. It is also not meant to be a full list. It does not substitute for the provider's skill and judgment. This list is just a guide. Providers are fully responsible for all drug choices.

The list is subject to state rules. This can be:

- rules about generic options
- controlled substance schedules
- brand preference
- mandatory generics (when it applies)
- and other rules

We are not responsible for the actions of any provider. They should view the drug maker's standard references. National standards can be found online:

<http://www.guideline.gov>.

PREFACE

The list is set up in sections. Each section is split up by therapeutic drug class by method of action. Products are listed by generic name. The brand name is also listed. This is for information only. Unless the drug is a special case, the dosage, forms and strengths are listed.

P&T COMMITTEE

Safe and useful drug therapies are approved by a national P&T Committee. It is made up of:

- plan medical directors

- pharmacy staff
- the medical community

DRUG LIST PRODUCT DESCRIPTIONS

A strength, dosage or other formulation may be covered only if it is listed. Other versions are not covered. Injectable forms of the product are an example. Extended- and delayed-release products have their own listing. Exceptions are noted.

Pregabalin

Lyrica

All strengths of Lyrica would be part of this listing.

Colestipol tabs

Colestid

The generic name is on the list. The oral packets and granules are not. They would have their own entry.

Metformin

Glucophage

The immediate-release listing would not have the extended-release product.

Metformin ext-rel

Glucophage XR

A second listing shows the extended release. Dosage will be shown where the drug is listed.

Neomycin/polymyxin B/hydrocortisone

Cortisporin

Cortisporin is only in the OTIC list. This only includes that solution and suspension. The cream is not on the list. It would be part of the DERMATOLOGY section.

GENERIC SUBSTITUTION

A generic can be given instead of a brand-name product. This is done by a pharmacy. A brand-name drug with a generic will become not preferred. The generic will be covered instead. The list is subject to state laws on generic substitution.

Generic drugs often have lower prices than the brand name. They should be given first if all standards are followed. Generic drugs are:

- Approved by the U.S. FDA for safety and effectiveness. They are made under the same standards as brand names.
- Tested in humans. The generic must be absorbed at the same rate as the brand name. They may differ in size, color, and inactive ingredients.
- Made in the same strength and dosage as the brand name.
- A generic will have the same effect and be as safe as the brand name.

PLAN DESIGN

The list shows a closed formulary plan. These drugs are covered by the plan as listed. Certain drugs are covered if some standards are met first. This can be:

- step therapy
- prior authorization (PA)
- quantity limits

Asks for drugs outside of these standards will be reviewed. If a drug is not listed, you can ask for an exception for coverage. Medical need asks will also be reviewed. This is based on PA steps or non-formulary standards.

DISPENSING LIMITS

HIP Plus members can fill maintenance medications. This includes up to 90-day supplies and can be through a drug store or mail order. For Hoosier Healthwise and HIP Basic members, this is a 30-day supply limit.

HIP BASIC and HIP STATE PLAN BASIC

HIP Basic is for HIP members who do not make their monthly Personal Wellness and Responsibility (POWER) Account payments for more than 60 days. HIP Basic members must make under a certain amount each month.

HIP Basic members have copays for most health care. This includes doctor visits, medication, and hospital stays. The copay costs vary.

HIP Basic meets the State of Indiana minimum coverage requirement. These plans do not cover dental or vision care. Other items not covered by these plans include, but are not limited to:

- bariatric surgery,
- Temporomandibular Joint (TMJ) Disorders
- or rides.

HIP Basic allows for fewer visits to therapists like physical, speech and occupational.

HOOSIER HEALTHWISE PLAN A and PLAN C

Hoosier Healthwise offers health care for pregnant women and children. The program covers medical care like:

- doctor visits,
- medication,
- mental health care,
- dental care,

- hospital stays,
- surgeries,
- and family planning.

This is at little or no cost to the member or their family.

Package C is called Children's Health Insurance Program (CHIP). It is for children up to age 19. There is a small monthly payment. Some services have a copay. Payment amounts go off family income.

Most children will be in the Hoosier Healthwise Program. There are two benefit packages. You may be able to get one of these based on your family income. To learn more, visit: <https://fssabenefits.in.gov/bp/#/eligibility/eligibility-home>.

NOTICE

The data in this list is private. The information may not be copied without written permission. © 2025. All rights reserved.

This list has brand-name prescription drugs that are trademarks or registered trademarks.

CareSource does not control the organizations listed. CareSource is not responsible for the accuracy of the content. These listings are not recommendations by CareSource.

Note: This list is updated regularly. Changes may show before their effective date.

List of Abbreviations

1: Preferred generic product

2: Preferred brand product

ACA: Affordable Care Act

AR: Age Restriction. For certain drugs, the drug may be covered for members in a certain age range without a prior authorization.

OTC: Over-the-Counter. An OTC drug is a non-prescription drug.

PA: Prior Authorization. The Plan requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval before you fill your prescriptions. If you don't get approval, we may not cover the drug.

QL: Quantity Limit. For certain drugs, the Plan limits the amount of the drug that we will cover.

ST: Step Therapy. In some cases, the Plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover Drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B.
